### Keynsham Parking

From Monday 12 April there will be over 100 free car spaces available in Keynsham.

The two sites are:

- **Keynsham Football Club car park** on Bristol Road (A4175) - by kind permission of the football club management
- and the **picnic area site on Keynsham Road** (A4175) just north of the Railway Station.

These car parks have recently had the surface improved, re-using surfacing removed from the A4 (the cost of levelling and rolling was met by the supermarket development company). They offer free public parking Monday to Friday until further notice.

Please note the football ground is not available for public parking on weekends because it is needed by the players and supporters for their matches.
