Dear Sir or Madam

You may recall that in 2007 we completed a first phase review of the guidance to relevant authorities on their functions in relation to local access restrictions on open access land. During the review we identified further issues that we intended to consult on at a future date. We are now in the position to offer you an opportunity to comment on proposed amendments to the statutory guidance which address the remaining issues which we identified.

The consultation paper can be found on Natural England's website in the public consultation section. Please note that the deadline for response is 04 August 2009.

Thank you in advance for your help with this matter.

Yours sincerely

Ben Nichols  
Coastal and Open Access Specialist
